# HIGH OUTPUT LIGHTING

ADAPTS. PERFORMS. SURVIVES.

## ADAPTS.

### Superior Portability and Versatility

High Output Lighting offers professionals the ability to bring light directly to their work as well as control beam intensity and direction for greater productivity on the jobsite.

## PERFORMS.

### Unmatched Brightness, Clarity, and Run-Time

Through the use of high quality LEDs, Milwaukee designed optics, and REDLITHIUM Batteries, High Output Lighting lights shine brighter and last longer.

## SURVIVES.

### Outlast the Toughest Conditions

Reinforced, impact resistant housings and lenses stand up to the challenges of industrial use, and superior temperature management protects LEDs throughout their life.

# TRUEVIEW

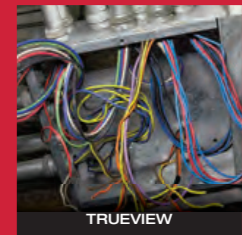

## HIGH OUTPUT LIGHTING

### All of Milwaukee's Lighting Solutions Include TRUEVIEW Technology

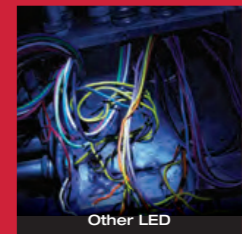

Milwaukee uses the highest quality LEDs and optics to provide TRUEVIEW Lighting that gives users the brightness and clarity without distorting colors. The lights keep a neutral color temperature to provide the accurate and clear lighting environment for any application.
